We are located on the ground floor of Garden City House, the four-storey building between David Jones & Coles, off Marmion street

**Booragoon Radiology** is located in the Garden City Shopping Centre Booragoon, just 10 minutes from the Perth CBD. The practice is on the ground floor of Garden City House which is a five storey building between David Jones and Coles. It's best to approach from Marmion Street. Turn in at the major roundabout and look for the tall building with satellite dishes on the roof. That's us – on the ground floor.

### Patient Information

There is no need to prepare in advance for your x-ray study. Please wear your normal clothing. You will be asked to remove piercings, earrings, hairclips and jewellery and may wish to consider leaving these at home.

Please ensure that you bring this referral with you as we will not be able to complete your study without it.

If the study requested is eligible for Medicare rebates and you hold a valid Medicare card we will endeavour to bulk-bill your study. However, you are ultimately responsible for the account if we cannot claim from Medicare or other relevant institution.
